(R)EVOLUTION

FACE GLOW

OUR SOLUTIONS

HYDRALIFT FX

4 Treatments in 1: Hydropeeling to remove impurities | Vacuum therapy for deep hydration | Mesoporation for renewal, oxygenation of the tissue and unification of the tone | Photobiostimulation with calming action.

INTEGRAL LED PHOTOTHERAPY

Quickly and effectively fights skin aging, blemishes and acne, improving cell metabolism.

LPG ENDERMOLIFT GOLD (LIMITED EDITION)

Anti-aging treatment to very considerably increase the levels of: Hyaluronic acid: + 80% | Collagen: + 70% | Natural elastin: + 46% | Firmness: + 23%.

BIOLOGIQUE RECHERCHE ELECTROPORATION

Pulsed and non-constant magnetic current for the creation of micro pores in the cell itself, carrying food to the nucleus.

BIOLOGIQUE RECHERCHE REMODELING FACE

Combination of 3 currents that manage to oxygenate and tone the tissues producing a lasting lifting effect.

BIOLOGIQUE RECHERCHE MICRO PUNCTURE LAB

Stimulates the epidermis to regenerate. The tone is unified, the flabby skin is restructured and the skin recovers is smoothed.

SUBLIME RADIOFREQUENCY E-TWO

Complete facial rejuvenation with this anti-wrinkle treatment that combines bipolar radio frequency and infrared light

HI FU ULTHERAPY ULTRASOUND

High intensity focused ultrasounds to combat skin aging, facial flaccidity and localized fat. Tightens the skin and firms muscle.

ELLIPSE SIRIUS IPL

Narrowband Intense Pulsed Light for facial rejuvenation treatments, facial hair and vein removal.

NANOTHERAPY

Penetrates the deepest levels of the skin, initiating rejuvenation processes and reducing blemishes.

OUR MANUAL SOLUTIONS

We have selected high cosmetic products from Biologique Recherche and Dermalogica that allow us to prepare very different combinations in the cabin to adapt to the specific needs of each skin type, treating blemishes, blemishes, acne and flaccidity.

YOUR WISH LIST

ACNE

Antibacterial treatment to calm, correct and thoroughly cleanse acneic or oily-prone skin.

HYDRATION

Treatment to maintain the elasticity of the epidermis and protect the skin from external aggressions.

PIGMENTATION

Treatment to equalize skin tone, through enzyme activation and toning.

WRINKLES

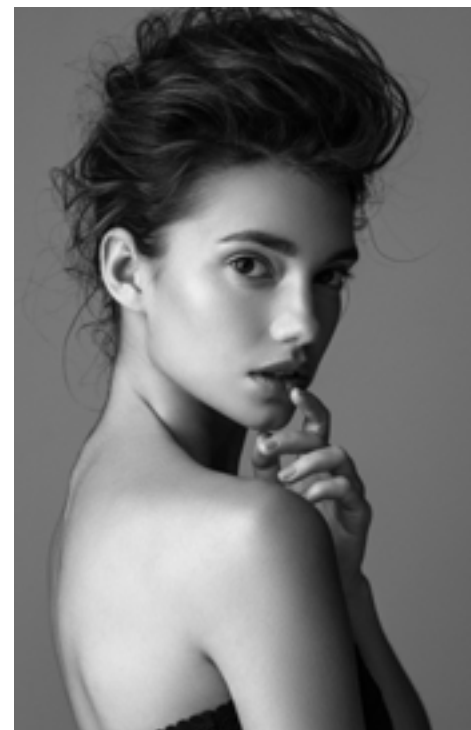

Treatment to optimize the health of the skin, promote the synthesis and revitalization of collagen.

FACIAL FLACENCY

Treatment to firm the skin and revitalize elastin and collagen.

45 min.: €120 / 60 min.: €160 / 75 min.: €180

MORE INFO 

BODY GLOW

OUR SOLUTIONS

HI FU ULTHERAPY

High intensity focused ultrasounds to reshape the body, reduce localized fat and cellulite, tighten, tone and accelerate cell renewal.

VELASHAPE III

Combination of radio frequency, infrared, vakum system and massage to combat flaccidity, cellulite and localized fat, achieving a contoured and toned body.

LPG ENDERMOLOGIE

Effective technique for the elimination of fat and adipose tissues that are difficult to access. With its mechanized heads and programs, it can reshape, firm and smooth.

PRESSOTHERAPY

Through programmed pressures, it helps detoxify the body through effective lymphatic drainage. Indicated to combine with the different anti-cellulite treatments.

THALGO ALGAE WRAP WITH THERMAL BLANKET

Infrared thermal heat wrap with micro-flattened algae with remineralizing, revitalizing and oligo-marine elements that allow draining, detoxifying and promoting vasodilation of the area, with a reducing effect.

SLIM & SHAPE

Reducing and remodeling treatment that combines bandages, thermal blanket with infrared, suction cups and electrophoretic gloves. It also incorporates the first cosmetic line that has Phytosonic, a patented plant active, capable of reducing the accumulation of adipocytes by 55%.

MANUAL UNDERWATER MASSAGE

Powerful lymphatic drainage tool that promotes blood circulation. With this powerful massage it is possible to tone, firm and relax the body muscles, relieving tired legs. Immediate volume loss.

MOROCCAN TRADITIONAL HAMMAM

Deep exfoliation and complete purification of the skin, leaving it fully receptive for subsequent treatments.

BTL NO-NEEDLE MESOTHERAPY

Virtual mesotherapy, an effective alternative to the injection mesotherapy method, through the combination of advanced laser technologies, Aguaphoresis and active substances. Treatment for the elimination of cellulite and fat dissolution.

YOUR WISH LIST

LOCALIZED GREASE

Treatment to eliminate cellulite, cartridge belts, abdominal fat and in the arms. We will achieve an improvement of the skin, loss of cellulite and fat elimination.

CELLULITE

Treatment for loss of firmness, fl acidity, and low muscle tone. We will achieve a smoother skin and a firmer muscle tone.

FLACCIDITY

Treatment to lose volume caused by fluid or fat retention. We will be able to reshape the figure and improve your skin.

DETOXIFICATION

Treatment to eliminate toxins from the skin, prevent the formation of free radicals, improve circulation and activate the elimination of fat. We will achieve a lighter and more purified body.
